<b>Workshop Tracks</b>		
<b>Endpoint Security</b>	<b>Secure UEM</b>	<b>Enterprise Service Management</b>
<b>Endpoint Roadmap</b> Join us for an interactive look at Ivanti's Patch and App Control Roadmaps. We will also go through the Ivanti Ideas platform and show you how YOU can influence those Roadmaps.	<b>MDM &amp; MTD Better Together</b> Ivanti partner Zimperium will join us for this session to showcase the value of combining MDM and MTD capabilities to not only better manage but proactively defend your mobile devices.	<b>ITSM Integrations with Neurons Deep Dive</b> Take a deep dive into integration uses cases between ITSM & Neurons products.
<b>Lunch Break 12:30pm to 1:30pm</b>		
<b>Patch Best Practices</b> Let's walkthrough some of the new and very cool features in Ivanti's cloud based Patching solutions. This session will be interactive with a forum to get any Patch related questions answered.	<b>Apple and Ivanti - What's New and Best Practices</b> Apple will join us for this session to share what's new in macOS and iOS and to help you better manage and secure Apple devices in your organisation.	<b>DEX &amp; Bots Lab</b> We'll be looking at the recent changes in Bots, People bots, Survey Bots, List & Filter improvements, User based actions and Inventory queries
<b>Application Control Best Practices</b> Get insights into Ivanti Application Controls and the road to Cloud. We'll talk about what it can do and show you some of the ways you can ensure your roaming Cloud based workers can stay protected with AC.	<b>Secure UEM Roadmap</b> See what's coming to help you better manage and secure your modern devices and workspaces while improving the digital experience of your users.	<b>EXM User Group – hosted by Vee Ferriera and Ashton Mossop</b> This EXM User Group live in Brisbane will explore useful features to extend the functionality of Service Manager:
<b>Networking and Refreshments at the Nautilus Pool Deck 3:30pm to 4:30pm</b>
