

New Bulletins

User Targeted

Zero Day

<b>Microsoft</b> 	<b>10</b> Bulletins	<b>5</b> Critical	<b>4</b> Important	<b>7</b> User Targeted
<b>Adobe</b> 	<b>3</b> Bulletins	<b>1</b> Critical	<b>1</b> Important	<b>2</b> User Targeted
<b>Google</b> 	<b>1</b> Bulletins	<b>1</b> Critical	<b>0</b> Important	<b>1</b> User Targeted
<b>Oracle</b> 	<b>1</b> Bulletins	<b>1</b> Critical	<b>0</b> Important	<b>0</b> User Targeted

After several months with no zero day disclosures, October Patch Tuesday brings updates for four vulnerabilities already exploited in the wild. Beginning this month, Microsoft and Adobe are also changing how they distribute their updates, which may impact how you can access the patches. Finally, we are expecting a Google Chrome release today and Oracle's Quarterly CPU next week, so plan on updates for Java JRE and many other Oracle solutions.

	Bulletins	CVE Count	Impact	Vendor Severity	Shavlik Priority	Threat Risk	User Targeted	Privilege Management Mitigates Impact	Notes
Microsoft	MS16-118 Internet Explorer	11	Remote Code Execution	Critical	1				Exploited in Wild CVE-2016-3298
	MS16-119 Edge	13	Remote Code Execution	Critical	1				Exploited in Wild CVE-2016-7189
	MS16-120 .Net, Office, Skype, Lync	7	Remote Code Execution	Critical	1				Exploited in Wild CVE-2016-3393
	MS16-121 Office	1	Remote Code Execution	Important	1				Exploited in Wild CVE-2016-7193
	MS16-122 Windows	1	Remote Code Execution	Critical	1				
	MS16-123 Windows	6	Elevation of Privilege	Important	2				
	MS16-124 Windows	4	Elevation of Privilege	Important	2				
	MS16-125 Windows	1	Elevation of Privilege	Important	2				
	MS16-126 Windows	1	Information Disclosure	Moderate	2				Exploited in Wild CVE-2016-3298
	MS16-127 Flash Player	1	Remote Code Execution	Critical	1				
Adobe	APSB16-32 Flash Player	12	Remote Code Execution	Critical	1				
	APSB16-33 Acrobat and Reader	77	Remote Code Execution	Important	2				
	APSB16-34 Creative Cloud Desktop	1	Elevation of Privilege	Low	3				
Google	CHROME-181 Chrome		Remote Code Execution	Critical	1				Release imminent
Oracle	JAVA8 Java JRE	TBA							Will release on Oct 18th
